# Make the most of those special moments.

---

We often lose sight of how valuable our time is. Making the most of those special moments means making unforgettable memories, rather than getting bogged down in what's not important. With Audi collection, we are lending something extraordinary to every moment.

The diverse selection of Audi collection items are divided up into the areas of Audi rings, quattro, Audi Sport, and heritage.

## Audi collection

Innovation, quality and design are our claim. The Audi collection products with the four rings stand for progressive design, top-class workmanship and selected materials for the values of the Audi brand.

### Junior quattro "Pikes Peak"

The latest technology combined with an old legend. The new A1 Sportback was the inspiration behind the working LED light signature in the headlights and rear lights. Fibre optics allow for individual segments to be illuminated, producing an unmistakable visual statement. The battery compartment is concealed under the seat. True to the style of the Audi Sport quattro S1 Pikes Peak from 1987, the body and rims are in white. The corresponding sticker set rounds off the legendary rally look of this children's car. A push pole to help parents guide the vehicle is available as an accessory. For children aged between 18 months and 3 years. Made in Germany.

Material: robust vehicle body made from PE, manufactured using plastic blow moulding  
Dimensions: 71.5 × 29 × 37 cm

Apart from the steering rod and steering wheel, the vehicle is fully assembled.

### Junior quattro push pole<sup>1</sup>

Metal pole with plastic grip for the Audi Junior quattro. Adjustable to 3 different heights.

Size: approx. 53-55 adjustable

# A passion for the original.

Audi drivers have high expectations. Even the details must have that thrill factor. The same goes for the Audi 0miniatures, which reflect the extraordinary fascination of the originals on a small scale. That way your customers can bring to life and relish the spirit of the four rings in the comfort of their own home, too.

# Tradition

A silver Audi sports car is driving on a dark road that stretches into the distance. The landscape is dramatic, with dark, stormy clouds in the sky and rolling hills in the background. The car is positioned in the lower center of the frame, moving towards the viewer. The overall mood is mysterious and powerful.

**Audi** collection  
Miniaturen
